

THE MUNICIPALITY OF SOUTH BRUCE

Public Works Department

Invites applications for a

WASTEWATER OPERATOR/SUPERVISOR

Reporting to the Manager of Operations, the Wastewater Operator/Supervisor will oversee the day to day operation and maintenance of a Class 2 Sewage Treatment Plant, Sanitary Sewer Collection System and pumping stations. This position is required to monitor plant and collection system equipment and processes, perform routine and planned maintenance functions, and maintain records in accordance with applicable legislation.

The Municipality is currently undertaking the installation of a new Sanitary Sewer system in the Village of Teeswater and the Hamlet of Formosa, with a common sewage treatment plant located on municipal lands east of Teeswater. The successful candidate will attend regular project team meetings, and shall be responsible for the oversight of the new system when it becomes operational. It is anticipated that the new sewage system will be a Class III facility.

The successful candidate will;

- Possess current Wastewater Treatment Class 2 and Wastewater Collection Class 2 licenses, and a Water Distribution and Supply Subsystem Class 2 license, with a willingness/ability to upgrade to Class 3 level for Wastewater.
- Be willing to be designated as the Overall Responsible Operator for two Wastewater Systems.
- Have completed Secondary School Grade 12 plus two to three years post secondary education at the community college level in a related field of technology **or** several years experience and related courses.
- A good working knowledge of computers and SCADA systems.
- Knowledge of the Occupational Health and Safety Act and regulations.
- A minimum of 3 years supervisory experience.
- Reside or have accommodation within a 30 minute response time for scheduled on-call periods.
