

INTERIOR DESIGN WORKSHOPS With Instructor Heather Smillie

DESIGN 101 WORKSHOP

Design 101 is an interactive workshop that will help you decorate your home using the same process and theories that professional designers use. Our instructor Heather Smillie has been the design expert for the past Five seasons, on the television program 'the MOM show' – which is broadcast daily on SLICE and also had a recurring role on HG TV's 'Designer Guys'. You will learn the tricks and tools you need to approach your decorating project in a professional way.

We'll look at how the elements of design can take a ho-hum room and make it sensational and finally, we'll see how a decorator finds materials and finishes to add those all-important finishing touches.
