**NOW THEREFORE** in consideration of the mutual covenants herein, the NWMO and Municipality agree as follows:

## SECTION 1 PURPOSE AND OBJECTIVE

### 1.1 Continuation of APM Site Selection Process

The purpose of this Agreement is to provide the Municipality with the funding necessary to continue participating in NWMO's Adaptive Phased Management Site Selection Process (the "APM Site Selection Process"), to independently assess the benefits and potential impacts of locating a deep geological repository (the "DGR") and Centre of Expertise in South Bruce, and to explore the potential for partnership between the NWMO and the Municipality related to the APM Project and the APM Site Selection Process.

# 1.2 No Community Consent

NWMO acknowledges that that the entering into of this Agreement by the Municipality does not constitute community consent to the DGR or the selection of South Bruce as the final host community in the APM Site Selection Process.

# SECTION 2 NWMO FUNDING

# 2.1 Funding Obligation

NWMO will provide the Municipality with the necessary funding to cover all Costs (except Ineligible Expenses) related to the Core Funding Activities, Community Well-Being Activities, Early Investments in Education and Skills and the Nearterm Investment Activities in accordance with the Budget and Work Plan.

# 2.2 First Year Budget and Work Plan

The Budget and Work Plan for the First Year are attached as Schedule B of this Agreement.

# 2.3 Second Year Budget and Work Plan

The Municipality will submit a Budget and Work Plan for the Second Year by October 1, 2021. NWMO will review the Budget and Work Plan for the Second Year and, upon receiving NWMO's agreement, the parties will execute an amendment in accordance with Section 13 to replace the Budget and Work Plan in the Schedules.

# 2.4 Third Year Budget and Work Plan

The Municipality will submit a Budget and Work Plan for the Third Year by October 1, 2022. NWMO will review the Budget and Work Plan for the Third Year and, upon receiving NWMO's agreement, the parties will execute an amendment in accordance with Section 13 to replace the Budget and Work Plan in the Schedules.

# 2.5 Fourth Year Budget and Work Plan

The Municipality will submit a Budget and Work Plan for the Fourth Year by October 1, 2023. NWMO will review the Budget and Work Plan for the Fourth Year and, upon receiving NWMO's agreement, the parties will execute an amendment in accordance with Section 13 to replace the Budget and Work Plan in the Schedules.

# 2.6 Community Well-Being Activities Reserve Fund

The Municipality shall maintain a reserve fund for the Community Well-Being funding amount under this Agreement. The Municipality shall provide the NWMO with the applicable Council by-law or resolution establishing the reserve fund.

### 2.7 Near-term Investment Activities

The Municipality may from time to time submit proposals to NWMO for funding for Near-term Investment Activities not identified in the Budget and Work Plan. If NWMO agrees to fund such Near-term Investment Activities, the parties shall enter into a separate contract for such Near-term Investments Activities and then attach such contract as Schedule C in accordance with Section 13.

# SECTION 3 DISBURSEMENT AND USE OF FUNDS

# 3.1 Initial Disbursement

NWMO will pay twenty-five percent (25%) of the Annual Funding for the First Year to the Municipality, unless otherwise agreed to by the Parties, upon signing of this Agreement by electronic funds transfer (the "Initial Disbursement").

# 3.2 Quarterly Disbursements

The Municipality may request a disbursement of up to twenty-five percent (25%) of the Annual Funding, unless otherwise agreed to by the Parties, in March, June, September and December of each year (each a "Quarterly Disbursement"). NWMO will pay the Quarterly Disbursement by electronic funds transfer.

Each request for a Quarterly Disbursement will be accompanied by (i) a Request for Funding and (ii) a report that specifies, for the preceding three months, those activities in the Work Plan undertaken by the Municipality, certifies the Costs incurred by the Municipality and identifies any variances from the Budget (the "Quarterly Report").

The parties will discuss any concerns arising from the Quarterly Report and resolve any queries in a timely manner.

# 3.3 The Use of Funds

The Municipality shall use the funding provided under the terms of this Agreement solely for the purposes of carrying out the Core Funding Activities, Community Well-Being Activities, Early Investments in Education and Skills and the Near-term Investment Activities as provided for in the Budget and Work Plan.

The Municipality may reallocate amounts of less than \$25,000 between activities listed in the Budget and Work Plan without submitting a revised Budget and Workplan to the NWMO. For any reallocations greater than \$25,000, the Municipality shall submit a revised Budget and Workplan to the NWMO and, upon receiving NWMO's agreement, the parties will execute an amendment in accordance with Section 13 to replace the Budget and Work Plan in the Schedules.

# 3.4 Additional Funding Amounts in the Second Year, Third Year and Fourth Year

In the Second Year, Third Year and Fourth Year, the NWMO or the Municipality may request that the Municipality carry out further Work Plan deliverables that require additional funding beyond the approved Annual Funding for the applicable year (the "Additional Funding Amount"). The parties will determine the Additional Funding Amount and the Municipality will submit a revised Budget and Work Plan for NWMO's review and approval. Upon receiving NWMO's agreement, the parties will execute an amendment in accordance with Section 15 to replace the Budget and Work Plan in the Schedules.

#### 3.5 Unused Funds

If the total of the Initial Disbursement and the Quarterly Disbursements in the First Year is less than the Annual Funding for the First Year, the Municipality may request an increase in the Annual Funding for the Second Year which will be considered by the NWMO.

If the total of the Quarterly Disbursements in the Second Year is less than the Annual Funding for the Second Year, the Municipality may request an increase in the Annual Funding for the Third Year which will be considered by the NWMO.

If the total of the Quarterly Disbursements in the Third Year is less than the Annual Funding for the Third Year, the Municipality may request an increase in the Annual Funding for the Fourth Year which will be considered by the NWMO.

The parties acknowledge that the Municipality may have unused Budget in the First Year, Second Year and Third Year and may submit a written request to NWMO to carry over such unused Budget (the "**Unused Budget**"). Upon submitting a request to carry forward the Unused Budget, with the submission of a Quarterly Report or the respective Annual Report, as defined in section 4 below, the NWMO will have thirty (30) business days to review this request and provide any comments to the Municipality. The parties will then determine the total amount of Unused Budget to be carried forward into the Second Year or the Third Year. For avoidance of doubt, the parties will execute an amendment in accordance with section 15 to revise the Schedules, as applicable.

The Municipality will not be entitled to carry over such unused funding past the end of the Fourth Year without the agreement of NWMO and shall return any unused funds to NWMO if requested by NWMO within sixty (60) days of the end of the Fourth Year.

If this Agreement is terminated prior to the end of the Fourth Year, the Municipality will not be permitted to carry over any unused funding past the end of the Term unless otherwise agreed to by the parties, acting reasonably with the objective of ensuring that the costs committed by the Municipality for participating in the APM Site Selection Process are fully covered.

# SECTION 4 REPORTING AND REVIEWS

The Municipality will provide the NWMO with the following reports:

(i) a report within forty-five (45) business days of the end of each quarter from the anniversary of the Effective Date which shall include: (A) an update on the status of activities in relation to the Work Plan and Budget for prior three (3) month period, and (B) a Request for Funding for a Quarterly Disbursement (each, a "Quarterly Report");

- (ii) a report within thirty (30) business days of each of the first, second and third anniversaries of the Effective Date which shall include a high-level summary of the status of the activities completed in the prior twelve (12) month period (each, an "Annual Report"). For certainty, the Annual Report may be included in the Quarterly Report to be delivered to the NWMO in satisfaction of (i) of this Section; and
- (iii) a final report on the activities completed and the funding used during the Term within thirty (30) business days of the Contract End Date (the "Final Report"),

(collectively, the "Reports").

If the NWMO has any concerns with a Report, the Parties will discuss the issues and the Municipality may be required to provide an updated Report.

Prior to the end of the Third Year, NWMO and the Municipality will meet to review this Agreement and to determine if amendments are needed.

## SECTION 5 FREEDOM OF INFORMATION

NWMO acknowledges that the Municipality is subject to the *Municipal Freedom of Information and Protection of Privacy Act* (Ontario) and has statutory responsibilities to provide a right of access to information under its control.

# SECTION 6 TERM, DEFAULT AND TERMINATION

# 6.1 Term

This Agreement will become effective on the Effective Date and will terminate on December 31, 2024 or such earlier date on which this Agreement is terminated under this Section 6 (the "Term").

## 6.2 Material Breach

If a party commits a material breach of this Agreement or applicable legislation, the non-breaching party may deliver a written notice to the breaching party that will set out the nature of the breach and a reasonable cure period. The parties will seek to resolve the matter during the cure period through the dispute resolution provision below. If the breach is not cured by the date set out in the notice, then the non-breaching party may terminate this Agreement.

### 6.3 Termination

#### 6.4 Survival

#### SECTION 7 RECORDS RETENTION AND AUDIT RIGHTS

# 7.1 Record-Keeping

The Municipality will maintain proper and distinct books, records, contracts, accounts, invoices and all other information, including material correspondence, relating to the Costs (the "Records") during the Term and then for a period of seven (7) years.

# 7.2 Audit Rights

During the Term, NWMO has the right to carry out a financial audit of the Records, conducted by an independent auditor selected jointly by NWMO and the Municipality, once every year or at such other frequency required by NWMO. The scope of such financial audits will be jointly developed, and agreed to, by both NWMO and the Municipality, acting reasonably. If any discrepancy is identified by the audit, the appropriate adjustments will be promptly made.

# 8.3 Public Announcements

The Parties will develop a communications plan and agree that public announcements and communications with the media regarding this Agreement will be made in accordance with this communication plan.

# SECTION 9 INSURANCE REQUIREMENTS

Each party represents, warrants and covenants that it has, and will maintain, with a financially responsible insurer, all the necessary and appropriate insurance that a prudent person carrying out activities similar to those described in this Agreement would maintain, including commercial general liability insurance on an occurrence basis for third party bodily injury, personal injury and property damage, to an inclusive limit of not less than five million dollars (\$5,000,000) per occurrence.

#### SECTION 10 DISPUTE RESOLUTION

The Parties will seek to resolve all disputes relating to this Agreement by referring the dispute to the management teams of the Municipality and the NWMO. If the Parties do not resolve the dispute through the management teams, either Party may request that the dispute be resolved by the Council and NWMO's Vice President of Site Selection.

# **SECTION 11 FORCE MAJEURE**

If, by reason of Force Majeure, either party is unable, wholly or partially, to perform or comply with its obligations, then the party will be temporarily excused and relieved from performing or complying with their obligations under this Agreement and neither party will be liable for any liabilities, damages, losses, payments, costs, expenses to, or incurred by, the other party in respect of or relating to such Force Majeure and the other party's failure to so perform or comply during the continuance of Force Majeure.

The party invoking Force Majeure will give prompt written notice of the commencement and termination of the event of Force Majeure, provided that such notice will be given within 10 business days of the commencement or termination of the event or circumstances constituting Force Majeure, as applicable.
