

MUNICIPALITY OF

South Bruce

TRADE SERVICES LOCAL CONTRACTOR LISTING

The Municipality of South Bruce is compiling a list of local Contractors for trades such as electrical, plumbing, HVAC, carpentry, masonry, excavation, etc. This approach will ensure that the Municipality is using local contractors that are the most appropriate for the specific job (i.e., experience, location, etc.). This trade services listing will be used for smaller/emergency jobs. The current purchasing and procurement policy/procedure will continue to be used for capital and operational budget projects.
